Dr. B. Sumadevi
Chairman

H.R. Panchakshari
Secretary

QUALITY POLICY

- Provide conducive teaching, training and learning environment.
- Provide every infrastructure and supportive facility
- Prepare students to meet challenges of the changing needs and demands of the community
- Build enduring relationships among faculty, students and patients
- Include professional ethics, values and attitudes

VISION STATEMENT

**Rajiv Gandhi University of Health Sciences
Bangalore, Karnataka**

The Rajiv Gandhi University of Health Sciences, Karnataka, aims at bringing about a confluence of both Eastern and Western Health Sciences to enable the humankind 'Live the full span of our lives allotted by God in Perfect Health'. The University will:

- Strive for achievement of academic excellence by Educating and Training Health Professionals who shall recognize health needs of community
- Carry out professional obligations, ethically and equitably and in keeping with National Health Policy
- Promote development of scientific temper and Health Sciences Research
- Encourage inculcation of Social Accountability amongst students, teachers and institutions
- Support Quality Assurance for all its education programmes

FOUNDATION

Sri Venkateshwara Educational trust ® (SVET) was established by Mr. H.R. Panchakshari to impart quality education and health care for the betterment of mankind. Towards this, world class facilities in terms of classrooms, laboratories, hospital, hostels, etc have been created on a 5 acre campus in the heart of Malur. His vision, hard work and unwavering faith in god has made SVET one of the largest and prestigious educational institutions in Karnataka State. At SVET, we strongly believe in our founder's motto of providing facilities that encourage quality education and academic excellence.

We have 9 educational institutions providing education of the highest class and Manasa Institute of Nursing Education & Research, MINER for short is one among them. Established in 2003, MINER offers quality education in Nursing and Midwifery.

Karnataka State Chief Minister **B.S. Yediyurappa**
Home Minister **Dr. V.S. Acharya** &
Housing & Muzarai Minister

PHILOSOPHY

As part of the overall health care delivery system that includes doctors, hospitals and health care professional, nursing contributes to health services in a vital and significant way. We understand the national health foals and are committed to participating in the implementation of national health policies and programs through identification of health needs of the people. We initiate planning and implementation of programs specifically developed to provide quality health care in active collaboration with other healthcare professionals and community groups.

Institutions, like individuals, are known and distinguished by their ideas, thinking and beliefs that shape their approach to issues, problems and challenges. Nursing education creates a body of professional who will provide preventive and curative services to the people in a wide variety of healthcare settings. To achieve this foal, we at MINER believe that:

- Comprehensive and holistic component of nursing care is based on nursing theories and in the application of these ideas in nursing practice.
- Professional education in nursing is a continuous process based on concepts of nursing practices, which needs to be promised by providing education to the nurses at various levels.
- To provide qualitative healthcare through nursing and midwifery, the nursing students need to develop critical analytical thinking skills and professional competencies and standards.
- Providing the right kind of facilities will help and promote creative thinking and self-directed learning that is essential for promoting quality in nursing care among the students.
- Higher education leads to well-informed and efficient leaders, educators and practitioners of nursing, thereby improving the quality of nursing.
- Developing scientific attitude helps in innovating to overcome challenges that the profession is facing today.
- Promoting personal and professional growth of the students and faculty is essential for our growth.
- Teachers have to be role models and create learning environment to foster the desire for life-long learning among the students.
- We have an important role to play in making the student exemplary citizens by instilling in them a strong sense of code of ethics and professional approach in their profession so that they may, in course of time, go on to fulfill personal, social and professional obligations that are demanded of them by the society.

OBJECTIVES

MINER has been established with the following broad objectives:

- Providing a broad range of nursing processes to enable nurse practitioners to practise under various scenarios.
- Create a body of nurse educators with demonstrable skills in teaching through use of various modern educational methods and technology.
- Develop nurse administrators with strong grounding in administrative principles and practices.
- Encourage nursing researchers with capabilities for pursuing independent research to create new procedures through creative thinking.
- Provide career development opportunities for nursing professional through staff development programs.
- Include appreciation of social and ethical obligations to the society among nurses.

PROGRAMMES

Our courses are approved by the Karnataka State Nursing Council and the India Council of Nursing, which are the apex professional bodies at the State and central levels that set the standards for nurse education in India.

We are also affiliated to the Rajiv Gandhi University for health Sciences, Bangalore, for all their nursing graduate and postgraduate programmes. At present, we offer the following academic nursing programmes:

1. General Nursing & Midwifery
2. Basic BSc Nursing
3. Post Certificate BSc Nursing

GENERAL NURSING & MIDWIFERY

Started in 2003, this course today has an intake of 60 students per year.

ADMISSION REQUIREMENTS

Eligibility:

1. Pass in PUC/PDC (10+2) with Science subjects Physics, Chemistry & biology.
2. For general category, 45% and above of the total marks in science subjects of the qualifying examination.
3. For SC/ST candidates, 35% and above of the total marks in science subjects of the qualifying examination.
4. Minimum age: 17 years
5. Maximum age: 35 years

Programme Duration:

3½ years covering intensive theory classes, attending towards for observation and supervised practice.

Preliminary Training Period:

3 months duration during which the student will attend intensive theory classes and will also attend to the wards for observation and supervised practice, not more than 16 hours per week.

Since nursing demands a different attitude among the students, an examination to assess the ability and attitude of the student will be held during the 11th and 12th weeks. Only the successful candidates will be allowed to continue the course.

Eligibility criteria for the Examination:

You will be eligible to sit for the State Council/Board Examination if the principal of the college certifies that:

1. You have completed not less than 11 months of the course.
2. You have attended 75% of the formal instructions for each subject and 75% of clinical field experience in each area/subject prescribed for the academic year. However, the total clinical/field experience prescribed must be completed before the final Council/Board examinations and before the issue of the Diploma. (The Diploma will not be awarded till you complete the prescribed clinical/field requirements).
3. Your overall performance and conduct during the entire academic year must be satisfactory.
4. You must have passed the internal assessment in each subject teaching and practical by securing 50% marks separately for each theory and practical(s).
5. The record of practical experience must be completed.
6. ANM/LHV/FHW who have been exempted for six months during the third year will be eligible for the third year examination after completion of six months of training.

Supplementary Examination:

The council will conduct supplementary examination within six months of the annual examination.

- a) If you fail in one theory paper/practical, you may be allowed to proceed to the next year of study. You will have to sit for a supplementary examination held subsequently in the failed subject/practical. If you fail to clear the supplementary examination, you will be allowed to sit again along with your next year's annual examinations.
- b) If you fail in two or more papers or practicals, you will not be allowed to proceed to the next year. You can sit for supplementary examination in the failed subjects/practicals only, by will be eligible for the next year's examination after one academic year from the date of passing the last examination.
- c) You will not be allowed to the third year (higher class) unless you pass in the subjects of the previous year (i.e., the backlog for the second year).
- d) If you fail in one theory paper/practical examination of the third year, you may be allowed to proceed for internship. You will, however, have to sit for the supplementary examination held subsequently in the failed subject/practical/
- e) If you fail in tow or more papers/Practicals, you will not be allowed to proceed for the internship. You will have to sit for the supplementary examination in the failed subjects/Practicals. You will not be allowed to proceed for internship till you clear the third year examination in all subjects/Practicals.

UNIFORM:

- During the Preliminary Training Period (PTS):
Girls: White Churidar with white apron and name plate
Boys: White pant, white shirt (half sleeves) and white shoes with white socks and white apron.
- During the three and half years
- In the Hospital
Girls: White Churidar with white overcoat, shoes and socks.
Boys: White pant, white shirt (half sleeves), white shoes and socks.
- In the community

AUDIO VISUAL AIDA AND OTHER TEACHING MATERIALS

Manasa Institute of Nursing has a well-equipped Audio-Visual department headed by a Senior Faculty member.

The Equipment available are:

- Overhead Projector
- Automatic Slide Projector
- Epidia Scope
- Colour Televisions
- Video cassette Player
- Video Cassettes on different topics
- Articulated human skeleton
- A Set of bones
- Number of anatomical charts
- Models of eye, ear, larynx, heart, liver, trunk with organs, etc.
- Charts and posters

These AV aids are regularly used by the faculty and also by students during their practice teaching.

SNA ACTIVITIES:

Every student by virtue of joining the Nursing course, automatically becomes a member of the students Nurses Association. It is a nation wide organization, established in 1929. A wide variety of activities is encouraged at all levels for the SNA members. These activities are professional, social, cultural and recreational in nature and include organizing professional meetings and conferences, conducting exhibitions, essay writing and elocution contests, project works, dance, drama, music and painting, etc. In addition to the above institutional celebration like Kannada Rajyothsava, Lamp lighting, Graduation, Independence Day, etc., are organized. Every institute will have a SNA Unit and the Unit activities are organized and conducted by the elected office bearers under the guidance of an SNA advisor and the Principal. Funds for these activities are raised through student subscriptions.

ಮಾನಸ ವಿದ್ಯಾ ಸಂಸ್ಥೆ
ಮಾಲ್ವಾರು.

READING AND RECREATION:

Magazines of general reading such as India-Today, Famina, Film Fare, woman's Era, Wisdom, Vanitha, Nutrition and Health care, health for Millions, etc., and newspaper such as Deccan Herald, Indian Express, times of India and Malayalam Manorama are purchased from the SNA Fund. The student on rotations will be in-charge of the reading room, which is kept open from 4.00 p.m. to 8.00 p.m. every day. Current magazines will be issued for circulation among the students.

The Institute provides spacious sports room which includes table tennis, carom boards, chessboard an many other indoor games. There is also an outdoor game facility for throw ball and tenny coit. The sports and recreation committee is responsible for organizing and conducting games and sports periodically and participating in state Level and National Level competitions.

HOSTEL:

Hostel facility is available for boys & girls. Students are accommodated in spacious, well-ventilated rooms provided with all the necessary comforts. They have a separate mess managed by the student themselves.

A full time warden is appointed to look after the general cleanliness of the hostel and to see that the students adhere to the rules and regulations. She takes the night attendance at 8.00 p.m. and reports any violations of hostel rules to the Principal for correction action.
